

**Data Innovations North America
Customer Web Portal upgraded to support After-Hours Emergencies**

June 23, 2008

SOUTH BURLINGTON, VT: Data Innovations North America (DINA) Customer Web Portal (CWP) users may now, in addition to going through our answering service, get assistance from our on-call staff by logging after-hours emergency issues through the CWP.

Simply log into CWP, select and fill out the “After-Hours Emergency” Incident Template from your home page or click on the Submit New button and select the “After-Hours Emergency” Incident Template.

For more information about this Service Offering or CWP please contact DINA’s Support Department by calling 802-658-1955.
