- III. Get to know Data Innovations
- IV. COVID-19 Resources

# COVID-19 and the lab

---

# COVID-19 testing challenges

Rapid spin-up of new instruments & tests

Cumbersome technology deployments & workflows

Increased pressure due to test volume, throughput, and turn-around-times (TAT)

A photograph of two scientists, a man and a woman, in a laboratory setting. They are both wearing white lab coats and blue gloves. The woman is holding a small vial and looking at it with a smile. The man is pointing at the vial with his right hand. The background is a blurred laboratory with various equipment and bright lights. The entire image has a blue tint.

---

# What is the COVID-19 Rapid Response Platform?

Deployed and ready-to-use in approximately two weeks

Integrate instruments and seamlessly deliver results to your LIS

Scalable to meet future lab needs

Built on proven Instrument Manager Platform

# What's included?

Integration of up to nine instruments

LIS integration

Dashboard for results review and analysis in Instrument Manager

Professional implementation services

Introductory Instrument Manager training

# Get to know Data Innovations

Doc ID: DATAINN-728876664-841 | V1.0

# The lab industry's go-to Lab Enterprise Management leader

6000+  
hospitals

85+ countries

30+ years of  
industry  
leadership

## Our Vision

We empower labs to optimize patient care through transformative laboratory enterprise management solutions

# Thought-leading customers & powerful partners

# Solutions to optimize your enterprise ecosystem

# Solutions to optimize your enterprise ecosystem

- Lab Intelligence
- Open Data Exchange

- High Availability & Disaster Recovery
- LIS Downtime Management

- Autoverification
- Discipline-focused Work Cells
- Sample Archival
- Pooled Specimen Testing
- COVID-19 Rapid Response Platform
- Daily & Peer QC
- Moving Averages & Medians
- Lab Proficiency Reporting
- Lab Quality Assurance with EP Evaluator

# Backed by decades of results

530+

Instruments

connected to one platform for a single customer with 60 labs and clinics, 4 LIS systems

1.5 M+

Tests per day

across 150,000+ specimens daily

Multi-site and multi-LIS connectivity

25+

Disciplines supported

with compatibility to 750+ devices

# Your lab. Your choice.

Any instrument

Any vendor

Any discipline

One platform
